Slide Remote - Privacy Policy

1. USE OF CUSTOMER INFORMATION

We require certain information to allow us to connect you with our server, through QR Code scanning. Slide Remote collects the details provided by you, together with information we learn about you from your use of our service and your visits to our web site and other sites accessible from them. We will use your information to provide and personalise our service. We will also use your contact details to communicate with you. We may use your information to send you offers and news about Slide Remote products and services or those of other carefully selected companies which we think may be of interest to you. We may contact you by email for these purposes. Your confirmation e-mails may include marketing material which we may feel will be of interest to you. Your data may be used for the following purposes: accounting, legal purposes, statistical and marketing analysis, systems testing, maintenance and development, customer relations and to help us in any future dealings with you, for example by identifying your requirements and preferences. We like to receive feedback from our customers to help us improve our service. We may contact you by e-mail to ask your opinions. We may also use and analyse the information that we collect so that we can administer, support, improve and develop our business. The information that you provide to us may be held in our systems, which are located on our premise. It is possible that your data may be processed outside of Brazil.

2. WEBSITE/APP TRACKING

We use tracking software to monitor customer traffic patterns, website usage and app usage to help us develop their design and layout to better meet the needs of the users of Slide Remote. This software does not enable us to capture any personally identifying information.

3. SECURITY TO PROTECT YOUR INFORMATION AND DATA RETENTION

As required by the UK Data Protection Acts of 1984 and 1998, we follow strict security procedures in the storage and disclosure of information which you have given us, to prevent unauthorised access. Our security procedures mean that we may request proof of identity before we are able to disclose sensitive information to you.
In the circumstances set out in this policy where Slide Remote passes your information to a third party, we will ensure that the security measures that such party has in place in relation to the processing of your data are at least as stringent as those employed by Slide Remote. This does not apply where we are required by law to pass your information to a third party. We will retain your information for a reasonable period or as long as the law requires.

4. COOKIES

Cookies are small pieces of information that are stored by your browser on your computer's hard drive. They enable Slide Remote to provide features such as remembering aspects of your last search to make subsequent searches faster. Cookies can be deleted from your hard drive if you wish. Most web browsers automatically accept cookies, but you can change your browser settings to prevent that. Even without a cookie you can use most of the features on the web site and the app.

Our cookies do not contain any personally identifying information. Please note that this information is for our use only – we do not disclose or share this information with any third parties. If you do not wish this to happen, you can change the cookie settings in your browser.

5. USE OF ANALYTICS

In order to understand how our customers interact with the app, we use analytics software that records your usage patterns. In order to provide our content in the most interesting way, we may also use analytics to learn which different types of advertisements you prefer to watch.

6. CAMERA ACCESS

We request access to the camera of your device to locally decode the QR Code you scan from our app. We DO NOT send any pictures to our servers, nor the picture is saved on your device. As soon as we decode (or fail to decode) the QR Code in the picture, it is deleted from memory. If you prefer, you may type the code instead of scanning.

7. YOUR CONSENT

When using the Slide Remote web site/app, you consent to the collection and use of this information by Slide Remote in the ways described above. If you have any further questions about our Privacy Policy or its implementation, please contact us by email: *contato@patrickpissurno.com.br*.
